OVERVIEW

The 5th Portuguese Young Chemists Meeting (5th PYCheM) will take place in Guimarães, Portugal on April 26-29th 2016. The 5th PYCheM continues in the tradition of its highly successful predecessors meetings, and in parallel we will be organizing the 1st European Young Chemists Meeting (1st EYCheM).

This joint meeting will cover all research domains in all of chemistry as well as interfacing areas of science. We are preparing a special session on: challenges and opportunities for better partnership between academia and industry.

This event is designed to give you the maximum opportunity to meet and learn from senior scientists and professionals from the field. Take this chance to make connections and discuss with your peers.

Abstract submission deadline: December 31st, 2015

We are looking forward to welcoming you in Guimarães-Centro Cultural Vila Flor for the 5th PYCheM and 1st EYCheM, on April 26-29th 2016!
